SATURDAY, AUGUST 29, 1863.

NEWS OF THE DAY.

THE WAR.

We received on Friday further details from Charleston, One account, by way of Fortress Monroe, reports the arrival there of the United States steamer as source of uncon-isfactory in reference to Sunter as it is modest. Its force. In reference to Chief Justice Tancy's assistant adjutant-general for general reports the arrival there of the United States steamer as the contract of the United States as th reports the arrival mere of the United States steamer | Cealed irritation to the whole Copperhead That fort is a "shapeless and harmless mass of opinion that Union forces occupied Forts Sumter and Wagner on press. These bronzed and weather-beaten ruins," and "no longer of any avail in the de-Monday last. But this is probably incorrect, as news and scarred soldiers of the Republic, on whom fenses of Charleston." to Tuesday afternoon makes no mention of such occuall loyal men look with pride and honor for The credit of this success belongs to Gen. Gillpation. The War Department has received a brief re-port from Gen. Gillmore up to the 24th (Monday). The port from teen, Chimnere up to the 24th (Monday). The report says: "My Chief of Artillery, Col. J. N. Tur. nals revile in terms which would hardly be exner, reports its destruction so far complete that it is no celled by the Richmond papers were these troops and the execution. The Navy has given some longer of any avail in the defenses of Charleston. He also says that by a longer fire it could be made more completely a rain and a mass of broken masonry, but could scarcely be more powerless for the defense of the could scarcely be more poweriess for the defense of the harbor. My breaching batteries were located at distances varying between 3,300 and 4,510 yards from the work, and now remain as efficient as ever. I deem it played often enough and under flimsy disguises nunecessary at present to continue their are upon the ruins of Samter. I have also, at great labor and under a heavy fire from James Island, established batteries on a heavy fire from James Island, established batteries on large for the strainer of Gen. Gillmore is the Presented of Gen. Gillmore is the Presented of Gen. Gillmore is the Presented of the Eaglish enough, but the actual presence of these veteran appointment. The plan which Gen. A letter from the Army of the Potomac states that about 290 Germans of the 20th New-York Volunteers, who mutinied and were sentenced to hard labor during the war, have received a commutation of their this evening appointed the Hon. Freezean Christian the Hon. Lysander Farrar, and C. D. Tracy, delegates to the State Convention. The judicial delegates are in favor of renominating the Hon. E. Darwin Smith for the Superior Court. The Draft in Utien.

VIII -This evening the Fire Department of this city will give a reception to Manhattan Engine No. VIII. returned from London by the Great Sprague in explanation of his recently published report.

It will be observed that he is particular to emphasize the fact that his statement refers to regiments "organized that he six of New York. He does not assume that the aggregate of 73.671 enlisted men should be credited to that city. On the contrary, he concedes to the "country districts" 17.871 of this aggregate, which adject to 16.681, which Gen. Waterbury credits to Brooklyn, shows the following result:

Brooklyn as well be brought over to the foot of Rooserelt street on one of the ferry boats, where our Fire Department will be in waiting to receive her. The has be taken through New Chambers street and Broadway or the "Country Pastricts," we have supposed that one of the "Country Pastricts," we have supposed that one of the supposed that and Ladiow streets to the house of Engine Company has book are correct and that "the regiments organized a New York contained 73.671 men," that city and members of No. 8 will be entertained by the members of No. 13, Brooklyn, E. D., this afternoon, before they be Army of the Union.

In the closing garagraph of his statement, it will be parted by the Gen Sprange, by multiplying theory of the Union.

the closing paragraph of his statement is well as the feel and proved that Gen. Sprague, by multiplying three years by four fills up the deficiency in the hast call very lift. But it will not do to make this rule general, as abould, it would place every district in the so far about of its quote, that not a man would be not everyment in the State under the draft. For the coveryment in the State under the draft, For the coveryment in the State under the draft, For the coveryment in the State under the draft, For the coveryment in at), we have recruited not less than 800 men (The can says more). Add to these our 200 excess maler to alree years and, and we have 1,000, which, malified by 1 under the rule of reducing these to mine onto men, and we have an aggregate of 5,000, or rules one full quota sailer the draft!

Central Committee at the Convention in Syracuse: New York has sent say one half that number. The number misted from this city into New England and into the country in the little from this city into New England and into the country in the England Engla
